TOAN NGUYEN

SUMMARY

A results-driven, fast-learner IT college graduate with experiences in designing graphics for both web and print who has a special interest in designing and developing modern websites, seeking a front-end web developer role in a highly productive and innovative organization where I can effectively contribute my web development and design skills to help increase the values and success of the organization.

RELEVANT EXPERIENCE

Print Specialist | Short-Term Designer
11/2015 - 03/2016

Creative Approach - Savannah, GA

- Demonstrated consistently strong competencies supporting delivery of high quality printing services on a daily basis.
- Worked with a number of digital and wide format printers as well as key design software platforms, producing prints to the highest possible standards.
- Played an integral part in the creation of a full spectrum of design services in accordance with client requirements, including brochures, posters, book covers and layouts.
- Bound documents to client specification using a variety of different techniques.
- Assisted in the collation and preparation of files for best presentational impact.

Web and Graphic Designer
07/2015 - 03/2016

Boost by Design - Savannah, GA

- Delivered a series of graphic design solutions for clients, including branding components and print collateral.
- Designed a number of unique website layouts as well as mock-ups to be supplied to web developers.
- Played a key part in the full life cycle web development process, from creation of the initial proposition, thru component design and on to final approval.
- Liaised successfully with all core stakeholders, including developers and clients.
- Prepared web-ready files: extracting website components from the PSD mock-ups supplied.

Graphic Design Intern | Freelance Designer
08/2014 - 09/2015

Armstrong State University - Savannah, GA

- Assisted the Marketing Department on design assignments: creating eye-catching graphic materials and typographies for use on campus, print collateral and digital graphics for departmental use
- Worked in close collaboration with lead designers, securing project objectives and realising creative concepts
